

Introducing,
a new level of
guest satisfaction
for healthcare.

A digital win-win for you, your patients and visitors.

Improve your guest satisfaction scores with our turnkey, modular business centers, at no charge to you.

Our modular business center provides your guests with improved access to family, friends, and business. You also create your unique TV network with programming content that represents your core values. The connectiMED digital platform delivers:

- A business kiosk configured to your specific guest communication requirements.
- An informative and soothing TV network created and controlled by you.
- You provide the cabling, electrical, and environmental services, and we do all the rest.
- A data line and associated IT hardware.

An important communication tool for hospitals, clinics and healthcare systems.

Best-in-class programming. Doctor board approved.

The connectiMED Media Network brings relevant news, entertainment and health information to your patients and visitors, all while reinforcing the branding and educational messages from your institution.

- Promote your brand—get the word out about your facility, your specialities and events.
- Promote good health with free healthcare related programming from respected sources.

Connected patients are happier patients.

connectiMED helps your guests stay "connected" to the outside world during their stay at your facility. For keeping up with personal business, for entertainment or to just stay connected, your guests will appreciate connectiMED's easy to use business center. Our fully customizable services include:

- Use a walk-up PC, or rent one of our laptops.
- Get full email and internet access.
- Charge their cell phone or their own laptop.
- Download music, movies, ebooks and more.
- Access important health related information.
- Print documents.

A valuable convenience for patients and visitors.

THE COMPLETE DIGITAL COMMUNICATION NETWORK FOR THE HEALTHCARE INDUSTRY

Flatscreen HDTV

A simple concept, perfectly executed, at no charge to you.

Our flatscreen HDTVs are wall-mounted throughout your facility in your guest common areas, and above some business center kiosk locations.

Our kiosk's facade graphics can also be custom designed to match your own corporate branding or your facility's interior design, also at no cost.

The entire connectiMED Kiosk and Media Network is provided free of charge by Power Station LLC, a company that specializes in on-demand business services and innovative media.

connectiMED users are protected both during and after they use the kiosk with full security and tech support. That means no worries for them and no headaches for you.

- Easy to use, touch-screen interface similar to an ATM.
- 24/7 technical support phone at every kiosk.
- All PC files are wiped clean after each use, including temporary internet files.
